SUBJECT: LITHUANIA: PRESSING FOR DIALOGUE IN BURMA

REF: SECSTATE 121789

We delivered reftel points on December 2 to Julius Rakitskis, head of the MFA's Human Rights Division. He thanked us and said Lithuania continues to share our concerns about human-rights violations in Burma and the behavior of the Burmese government. He said Lithuania and the rest of the European Union will continue their strong support for democratic reform in Burma. There was no further substantive response.
